NEWSLETTER FOR DECEMBER 2007

Taurus 3 Ringsaw

It is the ultimate accessory! The Taurus 3 Ringsaw is the tool that can cut glass, ceramic, stone and metal with its omni-directional diamond blade. Now you can cut intricate shapes in glass that you've only dreamed of cutting before, opening new possibilities in project designs. This easy-to-use saw comes with an instructional DVD to help you get the most of the Taurus III. Not sold yet? Stop in and try out our display model. Through year's end Seattle Stained Glass is offering the Taurus III Ringsaw for \$349.99.

Gift Certificates

Do you have a friend, co-worker or family member who is always looking over your shoulder to see how you make your art glass projects? Well tell them to quit bugging you and get busy making their own art. And there is no better way of getting someone started than a Seattle Stained Glass gift certificate. Our gift certificates can be used for supplies, classes and studio rental time. They come in any value you choose and never expire. Introduction someone to a whole new world this holiday.

Superstar II Grinder

Nobody's perfect and neither is their cutting. So everyone needs to grind little from time to time to make things fit just right, and everyone's favorite grinder is the Glastar Superstar II. Great for the hobbyist and the professional studio alike, it offers a premium quality 3/4" bit for most grinding jobs and a 1/4" for handling those deep inside curves and drilling holes. Like all Glastar grinders it carries the Glastar 5 year unconditional warranty. Through the end of the year you can save \$20 on the popular Superstar II, Now \$129.99.
